Litchfield Hills Research Rates Predictive Oncology a Buy on Recent Analyst Report

February 2, 2021

MINNEAPOLIS, Feb. 02, 2021 (GLOBE NEWSWIRE) -- **Predictive Oncology (NASDAQ: POAI)**, a knowledge-driven company focused on applying artificial intelligence ("AI") to personalized medicine and drug discovery, announced today that equity research firm, Litchfield Hills Research LLC, released its first analyst coverage report on (Nasdaq: POAI), rating the Company a "Buy" under its three-tiered (buy-hold-sell) rating system.

Litchfield Hills Research adheres to FINRA standards for quality and objectivity. The Litchfield Hills Research Department certifies its report is compliant with FINRA research rules 2241, 3110, the Litchfield is registered with FINRA, and the report has been reviewed by a Supervisory Senior Analyst. Litchfield's price target, financial models, peer comparisons, and investment thesis are developed without input from management of the company, and they performed their own due diligence.

The research report is MiFID II compliant and is classified as minor non-monetary benefit under MiFID II. It is accessible on Bloomberg, FactSet, NASDAQ, NYSE Connect, S&P Cap IQ, Thomson Reuters (Refinitiv) and 12 other platforms around the globe. It will be posted to the research firm's website http://www.hillsresearch.com/current-research/.

About Predictive Oncology Inc.

Predictive Oncology (NASDAQ: POAI) operates through three segments (Skyline, Helomics and Soluble Biotech), which contain four subsidiaries: Helomics, TumorGenesis, Skyline Medical and Soluble Biotech.

Helomics applies artificial intelligence to its rich data gathered from patient tumors to both personalize cancer therapies for patients and drive the development of new targeted therapies in collaborations with pharmaceutical companies. TumorGenesis Inc. specializes in media that help cancer cells grow and retain their DNA/RNA and proteomic signatures, providing researchers with a tool to expand and study cancer cell types found in tumors of the blood and organ systems of all mammals, including humans. Skyline Medical markets its patented and FDA cleared STREAMWAY System, which automates the collection, measurement, and disposal of waste fluid, including blood, irrigation fluid and others, within a medical facility, through both domestic and international divisions. Soluble Biotech is a provider of soluble and stable formulations for proteins including vaccines, antibodies, large and small proteins, and protein complexes.

Forward-Looking Statements

Certain matters discussed in this release contain forward-looking statements. These forward-looking statements reflect our current expectations and projections about future events and are subject to substantial risks, uncertainties and assumptions about our operations and the investments we make. All statements, other than statements of historical facts, included in this press release regarding our strategy, future operations, future financial position, future revenue and financial performance, projected costs, prospects, plans and objectives of management are forward-looking statements. The words "anticipate," "believe," "estimate," "expect," "intend," "may," "plan," "would," "target" and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Our actual future performance may materially differ from that contemplated by the forward-looking statements as a result of a variety of factors including, among other things, factors discussed under the heading "Risk Factors" in our filings with the SEC. Except as expressly required by law, the Company disclaims any intent or obligation to update these forward-looking statements.
